Governance Committee

The Governance Committee shall be the Nominating Committee referred to in by-law 2.3 and will address matters related to the nomination, qualifications, and membership of Directors.

Annual Activities

At a minimum, the Governance Committee will conduct the following activities at its last regularly scheduled meeting each year:

- Review the relevant nominating by-laws and policies to ensure all responsibilities have been addressed;
- Confirm that nomination letters have been sent to each of the nominating bodies where there is a Director with an expiring term;

- Confirm the qualifications of each continuing Director;
- Review the Name Bank of potential Directors for currency and coverage;
- Review the Skills Matrix and the experience required for the upcoming year.

Tracking Skills and Experience

The Board will employ the following tools to ensure that it maintains a well-rounded group with a full range of relevant experience:

Skills and Experience Matrix (Skills Matrix)

Attachment A provides a matrix that sets out the skills and experience that the Board should possess as a whole. When completed, the matrix is intended to provide an overview of the collective background of the Board and to highlight areas of relative strength and weakness. Ideally, the Board will maintain more than one person with a background in each category.

Where a void exists in any category, the Governance Committee will take steps to fill that void by requesting these skill sets from nominators or by recommending a specific individual as a Board nominee.

Diversity

Diversity is a commitment to recognize and appreciate the variety of characteristics that make an individual unique in an atmosphere that promotes and celebrates individual and collective agreement. Examples of diversity with members are age, gender, culture, disability, economic background, education, ethnicity or political affiliation. The Board Directors should reflect the makeup of the community it serves to the extent possible.

Balancing Skills During the Nomination Process

At the time letters are sent to nominators, in accordance with by-law 2.5, the VAA will:

- Request the skills and experience that are most needed to complete the collective experience of the Board;
- Offer a list of the strongest candidates from the Name Bank to each nominator;

- Notify such candidates that they have been recommended to the nominator

The Chair of the Board will follow up with each nominator to ensure they understand our request, the reason for it, and how it can fit with their selection criteria and process.

Appointment of Board-Nominated Directors

The Board may choose to nominate a Director in order to:

- Fill a vacancy left unfilled for an extended time by a nominator (by-law 2.6);
- Round out the collective skills and experience of the Board;
- Address other matters of concern to the Board.

In this case, the Name Bank will be reviewed for an appropriate candidate. The Governance Committee may choose to interview potential candidates prior to making a recommendation to the Board.

As a general practice, it is anticipated that the Board will keep at least one of its three nominees open at any given time so as to be able to react to unanticipated circumstances and opportunities.

Name Bank

The Governance Committee will maintain a list of people that:

- Meet the qualifications set out in the by-laws; and
- Have the background to:
 - Assist the Board; or
 - Contribute to one of the skills / experience categories in the Skills Matrix.

People expressing an interest in joining the Board as a Director will be referred to the Secretary of the Board to provide the details of their background. The Governance Committee will periodically consider the individuals expressing an interest and, if found to have a constructive background, the individual's name will be placed in the Name Bank for a period of two years.

The Name Bank will include an individual's contact information, a summary of their background in the context of the Skills Matrix, and any documentation provided by the individual (e.g., resume).

Where the Skills Matrix shows less than two Directors in a desired category, the Governance Committee will ensure that the Name Bank is supplemented with additional people that have the necessary background. If such remedial action is required, it may for example send a letter to local professional associations (and the like) requesting that they notify their members that the VAA is looking for people with their background.

The Board will consider advertising publicly as circumstances warrant.
